BOUFF

Anden Gallery, Barcelona

Bouff is the presentation of painting on canvas and paper of the work that he has popularised in Barcelona walls under the name of 2309: suited human bodies that substitute their heads for explosions, emanations, tentacles or varied flows. An easily recognizable picture, with no obvious meaning, that produces in the viewer a state of complicity with the astonishment and perplexity in which we contemplate the events of everyday life in our society.
